

AMAZING AMERICAS

Geography:

In Geography this term Oak Class have been learning about the Amazing North and South America. Also we had a go at a game which was trying to name countries in America.

We have been learning about the big bang. The Christians think that god made the world in 7 days and the 7th day he rested. The scientist think the big bang made the world.

YEAR SIX SATS
This term year 6 did their Sats and found out that its not that scary!

Recently we have got new chrome books and have been learning how to use them in fun ways. The chrome books have cool new features like touch screen and to log in we scan a magic badge.

Science:

In Science this term we have been classifying living things. As well as this we have been learning about Carl Linnaeus who was a Swedish scientist.

This term Oak class have been doing cricket in PE. The year 5s have been training to lead the Mini Olympics for the Entire School!

IN DT we have been learning about

Amazing Americas so we have been trying some food in America just like

- Tacos
- black beans
- PAPA
- Sweet Potato
- Mango
- avocado
- and lastly tortilla chips

I hated the Tacos because they're so spicy but I love the tortilla chips

In cricket we learnt to backup our partners and we also learnt pairs cricket indoors.

In Maths this term Oak class has been learning about measurement. We have been learning Kilos, millimetres, millimetre and centimetres.

This term, Oak class have been learning how to play brass instruments. Mr Davis helped us learn hot cross buns and we will Rock you. The instruments we learnt to play are Phones, Cornets, and baritone. Oak class got to take the instruments home to practice

Year 4 have been learning all about times tables. We have been doing cross sum grid to help us and learning the 9x table trick.
