

Willow Class Autumn Term 1

This term our topic is “Superheroes!” and we have been thinking about our big question - what does it mean to be super?

We have been enjoying reading superhero stories including Superduck and Supertato. We used story mountains to plan new stories and tell them to our friends.

It was exciting to meet some real-life superheroes on our Superhero day and see a real fire engine close up and trying to use a fire hose.

In science we have been learning about our senses and our experiments included a taste test with different fruit and vegetables. Some of us even enjoyed tasting lemons!

Forest school has been great fun and we have been working as a team to build dens, as well as using our senses to explore the wood.

And there is still more to learn about superheroes! I wonder what we will do next?
