

Use of Images Consent Form

Definition

Parents and Carers,

The Data Protection Act 2018 incorporating GDPR (General Data Protection Regulation), came into effect from 25th May 2018.

As a Trust, we need to ensure the safety of our students and the information we hold about them.

The purpose of this form is to ensure we hold the correct consent when taking, using and storage images relating to your child.

We are also aware that pupils and parents really enjoy being able to see their images and would like to give all pupils this opportunity.

The information provided on this form is only valid for the time your child is based at this setting. Images will not be republished by the school once the child has left; but please note that images would remain on social media 'timelines' indefinitely and on the school website until updated.

We take photographs and film pupils as part of our core activity of education. During your child's time at school this occurs as part of normal teaching, learning, assessment, and safeguarding procedures; and as such we do not need to seek consent for these activities.

You can withdraw your consent at any time and can do so by emailing admin@somerby.org.uk. At that point, they will not be used in future publications, but we cannot prevent them from continuing to appear in publications already in circulation.

Privacy notices

The Mowbray Education Trust regularly updates its Privacy Notices, and these are available to view at www.mowbrayeducation.org/policies. Printed copies are also available on request from the school office.

Once you have submitted the consent form, if you wish to make any changes, please contact the school office.
