

Willow Class
 Spring 2
 Into the Woods

Into the woods has been a super topic this term. We have been on a Spring walk, had the amazing author Sophie Kirtley visit and hosted a Spring Fayre.

In English this term we have looked at Goldilocks and the Three Bears, Owl Babies and the children's favourite The Gruffalo. The children have made wanted posters, character descriptions, story maps and wrote the most fabulous sentences using adjectives and conjunctions.

This term in Maths, year 1 have learnt about the early stages of multiplication and division which included counting in 2's, 5's and 10's and learning about arrays and sharing equally. They have also learnt about capacity, volume, height and length. Reception children have also enjoyed learning about measurement of length and height and learning about numbers up to 15. They also became superstars at knowing 1 more and 1 less.

In Science Willow class learnt about changes in seasons, focusing on Spring and baby animals. In R.E the children have enjoyed learning about the Easter story and learnt about the events of Holy Week, we talked about why Easter is special to Christians.

In PSHE this term Willow class have had a project to make £10 grow, which resulted in making Easter Cakes and selling them at our Spring Fayre. They did an amazing job and definitely made the £10 grow!

Music has been great fun as Willow class have learnt to play the Ocarinas. In P.E the children have learnt about Tag Rugby and enjoyed learning all about the game.

In Geography the children have learnt about the Equator, continents and hot and cold climates. They also looked at different species of Bears and where they live in the world and the climates that they are in.
